

Satellite Dish Agreement Form

I, _____, an owner at the Brittany Condominiums understand that by signing this agreement I agree to abide by the rules and regulations of installing a satellite dish which are listed below:

- The satellite dish may not be larger than 18” in diameter. If your satellite dish is an HD satellite dish then the size of the satellite dish must be pre approved **before** installation.
- No wires may be exposed on the outside of the building.
- The satellite dish cannot be installed into the stucco.
- The satellite dish cannot be installed on porch and/or patio roofs.
- The dish must be installed by a licensed contractor with liability and workers compensation insurance. Evidence of these requirements must be provided to the Management Company before work begins.
- Homeowners/Tenants shall not go on the roof of any building for any reason.
- Homeowners are responsible for the cost of installation and for any equipment or materials associated with the installation of a satellite dish.
- Homeowners are responsible for the cost of removal of any equipment associated with an installed satellite dish at the time service is discontinued or when the Unit is sold.
- Homeowners are liable for any damage that the satellite dish or associated equipment may cause to the commons areas of the property.
